Astrology For Lovers

INTRODUCTION FOR COUPLES

The "Astrology for Lovers" program analyses the relationship possibilities and assesses the compatibility between two people. The left-hand column of the analysis shows the relationship from the point of view of the one partner and the right-hand column from the point of view of the other. This report describes facets of individual character which reveal certain predispositions within relationships whoever the partner is, as well as facets solely evoked by a specific partner. By enhancing your positive and transforming your negative behaviour patterns you will be able to have optimal success in your relationship.

PROJECTIONS

When there is an attraction between two people there is also a powerful tendency to see qualities in the partner which are the projections of one's own idealised picture of the relationship. Should problems arise later the likelihood is that they arise from these projections. This analysis shows what kind of partner Bill and Hillary are attracted to and what to do to avoid evoking negative behaviour in the partner through the previously mentioned projection mechanisms. Greater awareness of these partnership mechanisms can improve a relationship immeasurably.

CONTRADICTIONS

The rest of the analysis deals with the planetary interactions between the two horoscopes. This makes it possible to learn the lessons which this particular partnership has in store for itself and to judge its compatibility. Please bear in mind that a horoscope - and personal character - are immensely complicated and full of contradictions. Although this analysis does try to weigh up different contradictory factors, seemingly opposite characteristics may well be listed next to each other. In these cases one type of behaviour will tend to neutralise or simply conflict with the other.

LISTEN TO YOUR HEART

In the comparison of two horoscopes there will always be problematic contacts as well as harmonious ones. From the point of view of long-term relationships, problematic inter-aspects also show compatibility ... there is far more likelihood of a stable bond with many problematic contacts than with no cross-contacts at all. Above all remember that if you have met and fallen for a person then that already shows compatibility, whatever your horoscope says. First listen to your heart, then use what you can learn from this report to improve on what you have.

GENERAL BACKGROUND

Bill

Hillary

IDENTITY: Though the Sun Sign is obviously a very general factor in relationships, it is - together with the sign the Moon is in - nonetheless powerful. It is important to remember that any Sign can successfully relate to any other Sign. Statistically there are no pre-dispositions of one Sign to another. However the interaction between two Sun Signs will give rise to special pleasures or challenges which will form part of the process of personal development for each partner. Your Sun Sign reflects your personal identity and desire to realise yourself - what is important is whether you feel supported in this quest or not.

Sun in Leo

Develop self-appreciation

As a Leo you are warm expansive and charming, and expect your loved one to fall at your feet in admiration as a result. You do not want to be criticised, nagged, or belittled - on the contrary it is essential that your partner constantly reminds you that life would not be worth living without you. Treated well you respond in kind, making your partner feel unique and truly loved through your passion and romantic gestures.

Sun in 11th House

The major area for your self-expression is in group ventures, and as a leading figure in networks of friends and associates.

Bill's Sun in Hillary's 3rd House

Your influence makes Hillary more conscious of the need to acquire knowledge and learn skills, especially as you place the focus on good communication and self-expression. You need an exchange of ideas to feel good in this relationship.

Sun in Scorpio

Develop emotional insight

As a Scorpio you are deep and inscrutable. You are looking for emotional commitment and intensity in a partner and you make no compromises until you have found it. You need a partner who appreciates your emotional honesty yet can accept your own unfathomable and rather secretive nature. You cannot tolerate any threat once you have made a commitment - your partner soon learns that flirtatiousness or emotional dishonesty has unacceptable consequences.

Sun in 5th House

Self-expression is extremely important to you and this manifests itself in your ability to project yourself and enjoy life. This gives skills in creativity and with children.

Hillary's Sun in Bill's 1st House

You have a profoundly stimulating effect on Bill's life. You bring him vitality and energy and make him more self-aware. He expects you to take the lead and light the way, and this gives you a stronger sense of your own importance.

This is a passionate combination. Both Bill, a Leo, and Hillary a Scorpio have very strong wills. Whilst Bill is sensitive about pride, Hillary has a profound emotional nature which demands and gives total devotion. This suits Bill, who feels strengthened by the depth of need. However, if he indulges his rather flirtatious nature, Hillary is going to get very jealous.

What makes people with the same Sun Signs so different is the contacts to other planets - or aspects - that the Sun makes. The following section shows which planets in your horoscope aspect your Sun and thereby modify your identity - and what consequences this may have in relationships.

Sun negative Moon

Security versus independence

You have difficulty harmonising your need for personal self-expression with your emotional sensitivity. This tends to lead to a rather erratic family life which lurches from periods of consideration to periods of egocentricity. You see the role of father and mother as strongly contrasted, which they do not need to be.

Sun positive Jupiter

Positive future-orientation

You have a magnanimous and generous personality, and you search for meaning in life through travel, reading, study and discussion. With your wise and cultivated nature, you are a good advisor. In love, you are understanding and tolerant yet with a strong sense of ethics and justice.

Your ability to realise yourself, and the attitude that your partner has to this quest for self-realisation, is shown by the interaction between the Sun in the one horoscope and the planets in the other. This has a profound effect on how you are able to express yourself in each other's company.

Bill's Sun negative Hillary's Mercury

Playing with the trickster

There is a strong contact between you - a ping-pong of ideas and gibes which really livens up the relationship mentally. In some ways you may feel threatened by the versatility of Hillary, who appears to you to be intelligent, witty and flexible. This can be a little irritating to your pride and you may respond with accusations of superficiality, etc. She pokes fun at you when you are haughty. You could have fun if you didn't take yourself so seriously because Hillary provides a useful counterpoint to you, giving you refreshing perspectives on how you are as a person. You could learn a lot from listening to her, because behind her light-hearted remarks lies considerable clarity.

Bill's Mercury negative Hillary's Sun

Playing with the trickster

This contact represents an important connection between you, enhancing your mental abilities and communication and keeping you on the ball mentally. You will not agree on everything and at times you will find Hillary too proud or self-important but you provide a useful counterpoint, bringing objectivity and discussion into the relationship. Often she stands on her dignity and insists on having her way when you come up with the ideas. This often puts you in the position of you being the pupil and she the schoolteacher. Hillary feels perhaps, that you are too flippant or smart and emphasises concepts of honour and straightforwardness which you feel are impractical.

Double-mutuality: Please note that both of you have exactly the same mutual aspect between the planets making cross-contacts from one horoscope to the other. This is a MAJOR factor of compatibility. Whatever other contacts there are between your horoscopes, for better or worse, this double influence shows a strong bond and increases the harmony and stability in the relationship.

Double-mutuality-negative: Both of you struggle with a mutual influence which subjects you to considerable stress and tension. This area will be a subject of conflict and disagreement, yet your struggles will bond you to each other, ultimately leading to a transformation of the behaviour in question. Sun/Mercury: This will be most apparent in mental issues, showing how strongly you identify with your ideas and opinions and how important you consider mental skills to be in your lives.

Bill's Sun negative Hillary's Jupiter

Intellectual pride

This is quite a strong bond which helps you to learn the ways of the world and expands your horizons. Sometimes you are stimulated and impressed by Hillary's judgement and opinions but at other times you will be exasperated, because you feel you have to defer to these opinions and your pride isn't too happy about that. Even though she can be very persuasive and convincing, her judgement is not always right for you. If you can avoid ideological debate then there can be a lot of humour in the relationship. Unfortunately there will often be times when you differ intensely about matters of principle and this often boils down to intellectual pride. If she wishes to retain the role of

Hillary's Jupiter negative Bill's Sun

Intellectual pride

This is a very stimulating intellectual relationship but there can be some conflict of opinions and ideology. When differences arise you hate to be proved wrong and it hurts your partner's pride if he does not have your approval. Bill often feels that you stand in judgement whilst all he wants is your respect. If you can overcome your intellectual pride and restrict yourself to only giving advice when asked - thus respecting his judgement - then there can be plenty of growth and development. There are many shared cultural interests and a great opportunity for travel. Avoid indulging in or encouraging feelings of superiority.

advisor, she must learn to respect your right not to follow her advice.

You often feel that when you express yourself, you must present yourself to Hillary for her assessment or advice. You can certainly learn a lot in this manner but take care to ensure that your own autonomy is not threatened.

Bill's Sun negative Hillary's Saturn

A fated bond

As far as your sense of self-worth and identity is concerned, you do not get spontaneous support from Hillary. In a sense you awaken a latent insecurity in her and she responds by being somewhat sceptical or negative when you express yourself spontaneously. This evokes a serious side of your nature and you are forced to assume a parental role. This isn't exactly fun but the essence of the relationship is for you to build up a greater sense of responsibility and self-discipline. However you can feel too restricted by her, and your relationship would be happier if she gave you more than grudging support and visibly showed more admiration for you and for what you do. Long-term negativity can undermine your self-assurance, so you should learn to appreciate yourself on your own terms.

When Hillary is feeling negative and blue you tend to mobilise all your resources to encourage her to be more positive - so even though you may feel the strain, problems are generally resolved on a positive note.

Bill's Saturn negative Hillary's Sun

A fated bond

This is a very strong factor in your relationship and weighs rather heavily upon it. There is a element of fate which binds you together, and you are somehow forced to take an authoritarian role, providing strict guidelines for Hillary's development. You may feel uncomfortable with this role - she certainly does and at worst she feels restricted and repressed - but you feel it is your duty to work on what you see as your partner's immaturity. However you tend to feel insecure and clumsy in exactly those areas where Hillary is most herself and most spontaneous, so don't let your own fears colour your attitude to her. Learn to cherish the child in your partner instead of always subjecting it to your discipline.

Your unmitigated sense of realism and responsibility casts a pall over your partner's opportunity for self-expression.

You often feel that you know better than Bill. Maybe you do but there is hardly anything more irritating than being made aware of one's lack of understanding.

Through developing a positive attitude in the face of trials you set an example for each other.

Bill's Sun positive Hillary's Uranus

Self-renewal in partnership

This contact shows a relationship with a lot of excitement and change. You will find that Hillary encourages you to open your mind and this can be very stimulating for your personal development. Differences in age or culture may be factors which make you evaluate yourself in completely new ways. Though this is not a major factor for stability and bonding, it leads to a relationship which constantly re-invents itself. You see in Hillary unique qualities which you would like to integrate into your own nature. Over the long term you learn to express yourself more as an individual and take risks with your life. The relationship evolves in the spirit of freedom without jealousy or restriction.

You find Hillary's unpredictability very exciting and she makes you re-evaluate who you are and what you do.

Hillary's Uranus positive Bill's Sun

Self-renewal in partnership

Though not a strong contact as far as your emotional life is concerned this is a very stimulating influence for personal growth, provoking you to break through boundaries and learn to take risks with your lives. Being with Bill inspires you to demonstrate the unconventional side of your character, and evokes that part of you which seeks change and renewal. He in turn is wildly stimulated by what he experiences as something exciting and unpredictable in you. Life never stands still when you are together, as there is an electric desire to rise above the ordinary and taste the extraordinary.

You are the lightning-rod which evokes consciousness change in Bill.

EMOTIONAL FACTORS: The Moon represents powerful instincts for security and emotional well-being. At the same time the Moon shows subconscious reaction patterns that can either enhance or sabotage harmony. The Moon shows the kind of atmosphere you create in your home. The emotional environment evoked by the expression of your Moon Sign is of crucial importance in your relationship.

Moon in Taurus

Maintain solid foundations

With your Moon in Taurus you are general very calm - even placid. You tend to avoid unpredictable situations and concentrate on creating a secure environment, both materially and emotionally. You are stubborn and too slow to adapt to changing emotional conditions in a relationship. Though excellent at giving emotional support and succour, you may fail to recognise the need for development and change in your partner.

Some male cultural traditions have forced men to repress the caring and nurturing sides of their nature, represented by the Moon. You are attracted to maternal women who are in touch with Mother Nature and sensually involved with objects of pleasure. In truth this sensuality is more a part of your own emotional nature.

Moon in 8th House

You have a profound emotional life, and deep-seated insecurities force you to investigate and transform negatively-charged emotional events from your past.

Bill's Moon in Hillary's 11th House

Involvement with Hillary also means involvement with the friends and colleagues that are important to her - and perhaps even with the children from other relationships. Together with Hillary you may find yourself adopting a supportive and sometimes motherly role to an extended multi-cultural family.

Moon in Pisces

Purify your emotions

With your Moon in Pisces you are extremely sensitive to any little imbalance in the environment. Being caring and giving, you are prepared to sacrifice a lot to ensure happiness in a relationship. However, it is easy for you to get moody and to feel sorry for yourself. Feelings of sadness or martyrdom diminish the happiness which should be yours. By overcoming a tendency to indulge yourself emotionally - perhaps through developing spiritual or creative talents - you may create a more positive atmosphere for your loved one.

Moon in 10th House

You are very emotionally involved with your standing in society and with issues of authority. Your mother probably has a profound influence on you and your direction in life.

Hillary's Moon in Bill's 6th House

Being with Bill means spending a lot of time creating a feeling of familiarity and security by getting your daily-life to function smoothly. You may have an important service role to play in this relationship helping Bill with his work, for example, or concerning yourself with his health.

As Bill has the Moon in Taurus, there is a strong need to create a stable and secure environment. Hillary, with Moon in Pisces needs to dream and nurture her sensitivity to people and the environment. Both share an appreciation of and concern for Nature, both have a refined sensual awareness. However Hillary is far more sensitive than Bill, and easily wounded in the rough and tumble of human existence. However the calm support of Bill creates considerable harmony, though he can be frustrated by his partner's lack of realism.

This section shows the influence of different planets in your own horoscope upon your Moon - major factors in shaping your emotional life. These aspects from other planets to your Moon will evoke the following subconscious patterns, creating a partnership environment in which you must either sink or swim.

Moon positive Jupiter

Emotional generosity

You have a magnanimous and warm emotional nature with great tolerance and a fine sense of humour. Travels and cultural events augment your understanding of others. Your positive attitude creates fortunate circumstances both economically, and in terms of your feelings of security.

Moon negative Uranus

Emotional unpredictability

There is an inner emotional restlessness in your nature which tends to disturb family harmony. You are easily bored and you impulsively initiate unpredictable changes in daily rhythms and habits - and this will often unnerve your partner. You instinctively recreate the tensions that affected your own upbringing, upsetting the atmosphere at home. Traditional family life is not for you - you dislike the restrictions which partnership responsibilities bring - so you should go out more on your own and get involved with friends and groups.

The interaction between the Moon in the one horoscope, and the planets in the other, has a profound effect on the kind of atmosphere you create together. This section describes how and where you are emotionally touched by your partner, for good or ill. In this area you are at your most vulnerable and least aware. Conscious work on irrational emotional reactions is the key to harmony here.

Bill's Moon negative Hillary's Mercury

Feelings meet thoughts

This is an important and stimulating contact greatly increasing shared areas of experience between you. However, you do not have an instinctive understanding of each other and you, particularly, have to work hard to understand how Hillary's mind works. It can be irritating for you when she takes a detached attitude to feelings which you experience quite deeply or when she makes fun of you when you get moody - but on the other hand you can benefit from her objective point of view, especially as you tend to express yourself emotionally and rather irrationally.

You will often react instinctively to situations which you feel undermine your security, only to have Hillary explain things from another more logical point of view. If nothing else, you are united in your worries.

Bill's Moon negative Hillary's Saturn

Emotional burdens

On first meeting there is a reluctance to get involved. You sense that this relationship entails a commitment that you are not sure you want to make. Perhaps it could be termed a "karmic" bond - there is at least no doubt that being with Hillary is a learning process which brings a great deal of emotional difficulty. She does not know how to react to you when you express your feelings - it awakens her latent fears and inhibitions. She thus

Hillary's Mercury negative Bill's Moon

Feelings meet thoughts

This is an important contact between you, showing that you are closely involved with the everyday aspects of living together. You discuss matters avidly - particularly as regards family matters and raising children. Though you do not always agree, things normally come to a successful conclusion after much discussion. You tend to be the one who argues rationally from your point of view; Bill reacts more illogically and will often become moody instead of verbalising his feelings. Though you may master the logic of an argument, he creates the atmosphere you have to live in, so strive to tune into what your partner is actually feeling. Generally you are flexible enough to adjust, and to a certain extent you may help him become more emotionally objective.

You often respond to Bill's emotional outbursts with rational arguments designed to explain solutions to the problem. You would have more success if you just listened and empathised.

Hillary's Saturn negative Bill's Moon

Emotional burdens

This is undoubtedly a difficult contact on an emotional level - especially for Bill. He feels himself limited and judged by you ... cornered somehow, by the rigid structures you create which stifle his growth. Perhaps it is because you feel that the child in him needs to grow up and that he can only reach maturity through discipline. In reality your own insecurity is awakened by his emotional spontaneity and the parental role you adopt becomes

reacts by limiting your emotional expression and assuming a parental role which can be very limiting for you. Hillary wants you to grow up but it hurts - and perhaps she herself should learn to be more dependant and child-like. Once the bond is made in this relationship, it tends to stick, and in the long term this can be a very developmental process for you, if you need to attain more maturity. Together you tend to develop pessimistic attitudes towards the future which encourage an attachment to material things.

Bill's Saturn positive Hillary's Moon

Maturing like cheese

This is a powerfully stabilising factor in your relationship where you exert a maturing influence on Hillary's emotional life. She endows you with parental qualities and you feel moved to take responsibility for providing a safe and stable environment for her family life. You provide structure just where it was lacking, and this enhances the possibilities for a long-term relationship. You can be too serious or rigid however, so you need to lighten up at times, otherwise your life together simply gets too structured and boring. This is a home-builder contact, excellent for property and for living up to family commitments.

When Hillary is emotional and vulnerable you are the rock she can rely on and when she is soft and caring your defences are dissolved.

a way of avoiding feelings and only serves to perpetuate immaturity and dependence. There may well be a strong bond between you, a sense that you know and belong to each other, but you must rise to the emotional challenge - learn sensitivity and vulnerability from Bill - if you are to avoid stunting the growth of the relationship.

Bill plays the child and you the parent - show your weaknesses and open yourself to his care.

Hillary's Moon positive Bill's Saturn

Maturing like cheese

This is a major contact for bringing stability and security into your lives together and can point to a long-term relationship in which family concerns, and especially home and property, have a high priority. Being with Bill encourages you to learn emotional self-control and leads to a greater sense of maturity and responsibility - you grow up. Still, there is a certain element of formality between you which discourages spontaneous emotional expression. Don't expect your gushing feelings to be reciprocated - he is more inhibited than you in expressing his emotions. You can achieve many practical accomplishments together, particularly concerned with property.

You learn quite quickly to restrain your childishness and emotional outbursts in Bill's company and though rather inhibiting for you, this is character-building.

Double-mutuality: Please note that both of you have exactly the same mutual aspect between the planets making cross-contacts from one horoscope to the other. This is a MAJOR factor of compatibility. Whatever other contacts there are between your horoscopes, for better or worse, this double influence shows a strong bond and increases the harmony and stability in the relationship. Double-mutuality - positive/negative: Although dealing with this mutual influence is easier for one of you to handle than the other, together you will work out lasting solutions to difficult problems and therefore enhance the quality of your relationship. Moon/Saturn: This will be most apparent in the way you deal with emotional challenges - overcoming the tendency to be withdrawn and defensive when you really need to work on being open.

Bill's Neptune negative Hillary's Moon

Emotional mists

Though not the most powerful of influences this contact will nevertheless affect your emotional life together. It is as if being with Hillary implies some sacrifice on your part and a kind of unhappiness tinges your relationship. These intangible feelings are evoked in you through being with her, but it is difficult to discern what the precise cause is or to know what to do to lift yourselves out of the fog. These feelings are exacerbated by drugs or alcohol, and during the course of time you may find that it is wise to live a purer life together, so that you may gain emotional clarity. Working to help others whose life is unfortunate in some way, or pursuing spiritual or creative interests, would make good outlets for the energies within the relationship.

You tend to misinterpret what you perceive to be Hillary's emotional demands and imagine that you are in some way responsible. Try to maintain emotional boundaries.

Hillary's Moon negative Bill's Neptune

Emotional mists

Though not a major factor in your relationship this contact is extremely stimulating for your fantasies. This can be very interesting for you on a creative level but the tendency is for Bill to stimulate your own latent tendency to be unrealistic or moody. His talent for empathising may simply encourage you to indulge in negative feelings of martyrdom or feeling victimised. Just because you have his emotional support this does not mean that you are justified in feeling the way you do. You may also find it difficult to pin him down in matters affecting your feelings and your security - the truth is that you awaken a measure of uncertainty and confusion in Bill and he therefore finds it difficult to express what he feels and clarify his emotional commitments.

You may discover in your relationship that Bill is a sympathetic listener but discussing your emotional problems only makes you more confused.

Bill's Moon negative Hillary's Pluto

Emotional brinkmanship

Hillary's Pluto negative Bill's Moon

Emotional brinkmanship

Though not a major factor in your relationship this influence will manifest itself at times of crisis. Your latent tendency, to interpret as a fatal rejection other people's detachment, is exacerbated by Hillary. When you make an emotional scene - which you often do because you can't work out what she is feeling - she will react in a cool and controlled manner, perhaps probing your motivations in what seems to be an unfeeling way. When ultimatums fly through the air she is unmoved and appears willing to abandon you. Emotional scenes are therefore best avoided - they lead only to exhaustion. Avoid practising therapy on each other. Being with her violently purges you of past negative influences but can lead you without a stable emotional foundations.

You get profoundly disturbed by your partner's reactions to crises - you do not have the emotional resources to help. Hillary tends to see issues in black-and-white but don't let yourself be fooled - they aren't.

This is a very powerful influence on an emotional and psychological level. Being with you strengthens and exacerbates the latent tendency Bill probably has for gruelling emotional autopsies and exhausting outbursts of feeling. You are unnerved by the depth and intensity of his inner life and subconsciously respond by trying to control or manipulate him. Your relationship swings from a deep intimacy with intense erotic overtones to an ice-cold remoteness in which all love seems long-gone. Dealing with these extremes ultimately brings psychological growth and insight, though the cost may be high. At times of crisis there is a tendency to put everything you have built up together at risk, especially through ultimatums designed to ensure his complete capitulation. The desire to assume the role of therapist must be assiduously avoided - leave that to an expert.

An uncompromising and unfeeling attitude on your part produces a deep insecurity in Bill. Do you want this?

YOUR SOUL MATE

THE DESCENDANT SIGN: The disposition towards specific kinds of relationships is shown by the East/West horizon in your horoscope - the Ascendant/Descendant axis - and particularly the sign on the Descendant - the 7th House cusp. A person may be attracted to many different kinds of partner, but the horoscope will often indicate a specific destiny with regard to long-term relationships. The lasting partnership will be a mixture of love and destiny - if we are to spend many years together, there will be struggle and growth as well as happiness. This destiny is shown by the 7th house of the horoscope, which indicates personality traits which we tend to deny in ourselves and are fated to seek in others.

Descendant in Aries

Seeking initiative

Though you are a person who seeks to create peace and harmony around yourself, you are drawn to dynamic and decisive types who have a strong need for independence and a clear idea of what they want in life. This person will be the well-balanced harmonious type. Through this relationship you may learn to weigh matters up impartially and develop a consideration for others.

Your partner can be exciting to be with, though often apparently temperamental or impulsive. This may be because you tend to suppress your own spontaneity or decision-making powers when you are in your partner's company. You are attuned to a certain naiveté and innocence in your partner - a youthful buoyancy which is an attractive quality for you. Through partnership you may learn to overcome your tendencies to vacillate and compromise too much. Leadership issues are important in the relationship, and you will learn that there are times when it pays to assert yourself.

Bill's Ascendant in Hillary's 4th House

Your life-style will inspire Hillary in matters concerning home and family and she will do her utmost to build the kind of secure and cosy family environment to which you are accustomed.

Descendant in Sagittarius

Seeking insight

Though you are involved in a myriad of distractions in your life and find it difficult to concentrate on any one thing in depth, you are drawn to a partner who has a more philosophical view and who sees deeper meaning in an overall view of things. This person will be philosophical, well-travelled and interested in gaining insights into life. You expand your horizons considerably through this relationship.

Through partnership you are offered the opportunity to gain a greater depth of understanding, often because your partner forces you to stop and think, and helps you to obtain an overall view. This person may be well-travelled or cosmopolitan, and thus in the relationship your horizons are expanded. In this way you gain greater perspective as regards the overall purpose and direction of your life. Issues of understanding, principle and belief, are central to the relationship and through it you may gain greater insight into life's big issues by learning to control your tendency to spread yourself too thin or to fritter away your time.

Hillary's Ascendant in Bill's 9th House

Your way of life inspires Bill to develop an interest in philosophical or cultural issues and you may influence him to travel. He develops his insight and wisdom in an effort to meet you on your own level.

Whilst Bill is seeking the Aries type...independent, inspiring and provocative - with a youthful, perhaps immature attitude to life, Hillary is seeking a freedom-loving culturally-interested Sagittarius type, perhaps someone with connections abroad. This is a complementary and harmonious combination.

This section shows the influence of different planets in your own horoscope upon your Ascendant/Descendant axis - major factors in shaping your relationships. These aspects from planets to your Ascendant will give you a specific attitude and behaviour towards everyone you relate to.

Mercury positive Ascendant

A born communicator

You are a talented communicator with a gift for getting into contact with people. Building up a communications network with the help of whatever modern technology that may be necessary is something you know how to do. Naturally your partnership benefits from the ability you have to talk on the one hand, and listen on the other.

Mars positive Ascendant

Active relationships

You have the capacity to be dynamic and assertive without trampling over others. Though you are a winner by nature, you love the element of sport and want your competitor to enjoy it as much as you do. In your relationships you appreciate some friendly sparring and love the erotic undertones associated with a minor skirmish. You are lusty and spontaneous and appreciate a relationship which allows for mutual independence.

You like to project a strong image of masculinity and expect to have a natural and spontaneous sexual life in any relationship. Whilst indulging your pleasures today you do not always take tomorrow into account.

Saturn positive AS

Slow and steady

You are a person who takes relationships seriously, and you are prepared to work hard to make a long-term success of a romance. In return you expect maturity in a partner, and prefer someone who knows how to get on professionally, as you do. You are not thrown off course by temporary setbacks, and you know that a good relationship has to be worked at.

Neptune positive AS

Dream partner

You are an imaginative person with a caring and idealistic nature. You are attracted to a person for magical rather than practical reasons, as you are seeking the ineffable in a partner. This can make your choice unrealistic, as few people can live up to your expectations. You focus on the good sides of your partner, and studiously avoid facing realities.

Sun positive Ascendant

Successful self-projection

You project yourself powerfully on your surroundings and are very absorbed with self-expression, either on an inner level, in a soul-searching process, or in terms of how the world reacts to you. Self-absorption may hinder you in receiving feedback, or - put in another way - you tend to get the reaction you want in others, and fail to see them as they are.

Perhaps in early relationship experiences you were attracted to men with charm, power and charisma. Later on your own expressive qualities come to the fore and you tend to outshine your partner.

Moon negative Ascendant

Emotional swings

You lead an emotionally charged life and there tends to be a conflict between the direction you would like to take in life and old bonds of dependence. The influence of your parents or environment constantly draws you away from your relationship destiny, and it is unlikely that you can work out a satisfying compromise in the first thirty years of your life. A certain emotional immaturity creates fluctuations of mood in your partnership.

Uranus positive AS

Partner and friend

You like to live a free life, and in your choice of partner you are looking for someone who inspires change in you, and who provides a refreshing new angle on life. You are attracted to people from exotic climes, or to people who live somewhat on the fringe. You are prepared to give a partner plenty of freedom, just as you expect to retain the freedom to indulge the many friendships in your life.

Aspects from planets in one horoscope to the Ascendant/Descendant axis of the partner's horoscope, are major factors showing the strong likelihood of a meaningful long-term relationship. It is these contacts which make all the difference between mere attraction, and the ability to influence each other's lives. You have the following bond:

Bill's Sun positive Hillary's Ascendant

Mutual self-support

This is a very favourable contact, greatly increasing the chances of harmony and growth in your relationship with Hillary. Both of you are strengthened by being together and will feel particularly self-assured as individuals. Hillary shows you spontaneous respect and may even idolise you at times, perhaps because she feels that you do things which she would like to be good at

Hillary's Ascendant positive Bill's Sun

Mutual self-support

This is a very favourable contact for you both. Being with Bill is a mutually rewarding experience as he tends to revitalise you, whereas you have a natural appreciation of the qualities of his character. Thus he grows as a human being through contact with you, whilst you feel his support in the pursuit of your life direction. This support means that you can proceed confidently

so well and spontaneously. So you light the way for her chosen direction and are often warm and magnanimous in your support and encouragement.

The way you express and project yourself has a profound influence on Hillary who constantly adjusts her direction and image because of the inspiration which you provide.

on your chosen path. Admiration and personal charm play an important role in the warm and playful bond between you both.

Bill is a leading light who illuminates your path.

In searching for someone to live together with, there is a strong urge to find a person who expresses characteristics which we possess ourselves but fail to recognise and develop. Finding a partner will often compensate for this and make us whole. These characteristics sought in the partner are shown by the planet ruling the sign on the Descendant, and its Sign and House position, and its Aspects. The following section describes the kind of person you unconsciously seek, where you can meet this person - and what behaviour you evoke in the partner through needs unresolved in yourself.

Descendant ruler in 1st House

Your will be done

Choosing a partner generally happens on your terms. Stay where you are, and your potential partners will come to you. They will make most of the effort to attract your attention, and the development of the relationship is facilitated by your partners deferring to you in most matters. You are both flattered and empowered by the importance you have in your partner's eyes.

Bill's Mars in Hillary's 4th House

You are an extremely active force in Hillary's domestic life and generally tend to dominate family decisions with your forcefulness and dynamism. If this energy is channelled constructively your home will benefit from your capacity for home improvement and organisation. However, if your temperament is not under control family harmony is bedevilled by emotional conflict.

Descendant ruler positive Mercury

A partner to talk to

Communication is the mainstay of important relationships, as you are attracted to an intelligent and eloquent partner who encourages you and helps you to gain knowledge. Children, travel and a myriad of interests you can talk about, keep your relationship vital and stimulating.

Descendant ruler negative Venus

Self-indulgence as an issue

Being loved and maintaining the romance in a relationship is important to you, but you will often find that your partner has preferences and tastes which run counter to your own. Although you are attracted to a sensual person, you are too sensitive about your self-worth and demand an excess of reassurance. This may make one of you long for a love outside the relationship. Disagreement regarding economic issues, over-indulgence, or indolence, may undermine the harmony you long for.

Descendant ruler negative Neptune

Disappointment as an issue

Your partner will often seem confused and dreamy and sometimes a little sad. You should bear in mind, however, that feelings of sadness and despair in your partner are projections of existential issues which are also a major part of your own nature. Even though your partner will seem difficult for you to satisfy emotionally, this will evoke an accepting and caring side

Descendant ruler in 6th House

Workmates

Your partner is likely to be a very busy person and you will probably become heavily involved in getting your everyday life together to function smoothly to cope with the many duties and responsibilities which you have. You tend to meet your partner in your working environment or whilst involved in some professional project.

Hillary's Jupiter in Bill's 2nd House

You have a beneficial effect on Bill's sense of his own value, basically because you emphasise what is positive about him and minimise the negative. Your ideas and guidance can also help to improve his economy - maybe you have the wealth to help directly in this area. Being with you ensures his material well-being.

Descendant ruler positive Moon

A partner who cares

You should feel that your partner is tuned in to your deepest emotional needs. You agree on creating a secure emotional environment to build a home and family. As you are attracted to an emotional and sensitive person, with a bit of luck you will find that you have an unspoken understanding of, and sympathy for, each other.

in your own nature which helps you develop as a human being.

If there are planets in the 7th House there is then a tendency to meet a specific type of partner and have a specific type of experience. Planets in this house show strong drives in you which may only be fulfilled through contact with another. People expressing this energy are mysteriously drawn into your life, thus giving you the opportunity to get to know the shadow side of yourself.

LOVE AND SEX

 **ROMANTIC NEEDS:** Whatever kind of relationship you commit yourself to in the long term, you have certain values which reflect your personal taste and inclinations, when choosing whose company you wish to enjoy. Should your partner not satisfy all your social needs, you will seek fulfilment in friendships and other connections. These social and romantic needs are reflected by Venus in your horoscope. Not only does Venus show what qualities you value in others, this planet will also reflect feminine self-esteem in a woman's horoscope, and the type of woman which a man is attracted to in a man's horoscope. For both sexes the position of Venus will show specific types of experiences in love - and what to do about them.

Venus in Libra

Taste and diplomacy

You have great talent for dealing with people, both on a social level and also when it comes to romantic matters. You have a light-hearted and balanced nature, and you are motivated towards creating harmony in your relationships. Your superior judgement and fine aesthetic sense are major assets in your love-life. Though a long-term relationship is important for you, you expect the aura of romance to be there constantly, and are prepared to do something about it if you feel it is missing.

Venus in Scorpio

Relationship depth

Love is something of an emotional battlefield for you. When you give your heart you give it completely, with an intensity and commitment which could easily scare the faint-of-heart. You are a passionate soul, and you are fully aware of the importance of sexuality in making a relationship complete. Fear of loss and rejection makes you manipulative, and gives you some problems with jealousy. You would like to have a love which lasts for life, but often sabotage permanence because of an inner insecurity.

Venus in 1st House

Harmonious aura

You project powerful auras of love and balance and this exerts a strong attraction upon those with whom you come into contact. You express yourself with grace and style in this area, and have little difficulty using your social talents to achieve results. Your appearance and the impression you make is very important to you and an essential part of your courting ritual. With your charming manner you cannot fail to win the appreciation of others. However, this may lead to attachments which complicate your life, because you wield too much attractive power and give others the impression that your feelings for them are deeper than they actually are.

Venus in 5th House

Romance

You have an extremely winning way of projecting yourself and this makes you a popular and well-loved person. You express yourself with passion and intensity in this area. This may mean rebuilding from scratch at intervals in your life. You need a lot of feedback with regard to your attractiveness, and may actually be rather flirtatious and attention-seeking. This will result in love affairs during the course of your life and, indeed, there is nothing like a romance to add a little spice. Having children provides a good outlet for your love of fun and pleasure.

Bill's Venus in Hillary's 5th House

You insist on maintaining the romantic elements of your relationship with Hillary, never forgetting the small affectionate touches and the element of fun. Because of your talent in this direction your relationship does not lose its spark and you often feel that your partner continues to treat you like a new love. Children bring many pleasures.

Hillary's Venus in Bill's 2nd House

You can teach Bill an appreciation of the material benefits which exist in his life and you can awaken the ability for him to enjoy your physical charms and endearment. Through you and what you bring to the relationship, he learns to value himself. He will derive considerable financial advantage from his relationship with you, but you can be expensive.

With Venus in Libra, Bill is an aesthetically refined person, who gives a good relationship high priority in his life, and who is willing to compromise for the sake of harmony. Hillary, with Venus in Scorpio, is less comfortable in love, and plagued by intense emotional insecurities which can lead to jealousy and manipulation. Hillary cannot relate to the easy and unconcerned emotional style of Bill, who in turn is at a loss to understand the more complex emotional nature of his partner.

Your capacity to give and receive love and your sense of self-worth are modified by contacts from Venus to other planets in your birth chart. These aspects reflect the many nuances in romantic taste, showing which particular brew of influences go into forming your personal judgements. The following section shows what attributes a person must have to be romantically attractive to you, and how your own personal values influence your love life.

Venus positive Mercury

Good company

There is no doubt that you are a gifted, tasteful and intelligent person and it will be a pleasure for your partner to share your company. You are a sympathetic listener and a good talker, and the wide variety of interests and skills which you possess ensures a stimulating partnership.

Venus positive Mercury

Good company

There is no doubt that you are a gifted, tasteful and intelligent person and it will be a pleasure for your partner to share your company. You are a sympathetic listener and a good talker, and the wide variety of interests and skills which you possess ensures a stimulating partnership.

Mutuality: Please note that in this case both Bill and Hillary have an aspect between the same two planets. This shows a strong bond, and increases compatibility and stability in the relationship. Mutuality - positive: As the shared aspect is positive for you both, it will give great happiness, and give you both a pool of resources to draw from. You will share the same area of interest and activity, and agree in your outlook on this area.

Venus positive Mars

Love and passion

You have a natural and perhaps playful attitude to the opposite sex. You like to have fun with your partner and to get out-and-about and do things. Whatever else may be true, your erotic needs play an important role in your love-relationship. In sexual matters you are spontaneous, and feel no split between your sexual and romantic nature - it is natural for you to express your love through passion and desire. There is a great potential for you to enjoy your relationship on both the physical and spiritual level.

As a man you have a special ability to integrate yourself with the feminine side of your nature, and this will enable you to spontaneously establish a very close contact with women. You will often feel attracted to a woman who is independent and has distinctly masculine qualities.

Venus negative Mars

Love or sex?

You have an attractive and erotic aura which predisposes you to amorous adventures. In long-term relationships however, a dichotomy arises between your need for the expression of love and affection, which makes you feel valuable and wanted, and a strong sexual drive, in which carnal desires are paramount. You unconsciously send over-intimate signals to members of the opposite sex and subsequently cannot understand why they make a pass at you. The concept that men give love to get sex, and women give sex to get love, is something you can subscribe to.

You have a strongly erotic nature and a powerful sexuality. However, you tend to project the physical side of your nature onto your male partner, saying to yourself that he only wants you for your body. This is just a comfortable female convention - time will show that sex is just as important for you as romantic love.

Mutuality: Please note that in this case both Bill and Hillary have an aspect between the same two planets. This shows a strong bond, and increases compatibility and stability in the relationship. Mutuality - positive/negative: Although dealing with this mutual influence will be easier for one of you to handle than the other, together you will work out lasting solutions to difficult problems and thus enhance the quality of your relationship. Venus/Mars: This will express itself in the magnetic attraction you feel to members of the opposite sex and the ease in which you express both the masculine and feminine sides of your natures.

Venus positive Neptune

Hollywood romance

You have a very romantic and loving nature and are willing to go a long way in the cause of love. Tolerant and understanding, you see the potential in other human beings, and love selflessly in the expectation that their potential will be realised as a result. Sometimes it will, but you are prone to disappointment. Furthermore you may easily be taken advantage of because you do not define what you can, or cannot, accept. You are apt to fall for an idealised picture of a person and are reluctant to open your eyes to see your loved one clearly - warts and all. Get real.

You are a real sucker for the diaphanous romantic woman with a heart of gold. You project upon her the purest virtues, partly because of your own "Hollywood" ideals about love. You can make it easier on your loved one by accepting her exactly as she is.

Venus positive Pluto

The Earth moves?

You take love seriously and live out your passions with feeling and intensity. In return you expect your partner to be completely involved, just like you. You have the ability to get under the skin of your loved one, understanding in depth all the insecurities and deep needs that you find hidden within. In this sense you can have a therapeutic effect, because you can untie your partner's emotional knots. Intimacy is your highest priority, and this means that sexuality has high priority also - not just for sensory pleasures but because it offers a window to the soul.

You are attracted to a deep and emotionally intense woman who is prepared to become passionately involved with you, body and soul, once initial insecurities are overcome. You are not inclined to put a valuable relationship at risk but erotic attractions wield considerable influence in your life.

Venus negative Saturn

Love lessons

Love is a learning experience for you, and early attractions - particularly at the age of 15 - caused you so much pain that you have developed a defensive strategy to avoid getting hurt. You do not show your love for fear of rejection, and therefore miss opportunities when they arise. You play it cool when a potential partner expresses affection, so that it is difficult to get through the initial stages. You may choose a partner for safety instead of love, and regret at leisure. Through developing an inner feeling of self-assurance, in the long term you may gain the self-confidence necessary for a rewarding relationship.

Your sense of feminine self-worth is low. Painful love experiences have made you defensive and cool and you give an impression of professionalism and self-sufficiency which successfully convinces a man that you do not need love. When you are finally overpowered by romantic feelings you suddenly become dependent, and demanding. This frightens potential lovers, and sensing their rejection you become cool and unreachable. Make an honest show of your vulnerability at the beginning and you will attract the right partner.

Venus negative Pluto

Romantic quakes

Love is a life-or-death issue for you and when you give your heart you are anxiously aware of the risks involved. Fear of losing what you have battled for makes you manipulative. Well aware of your erotic power, you bind your partner to you. You strive to conceal inner jealousies which torment you, even though playing with open cards would be far more successful. You have a self-destructive tendency to become ice-cold and amputate your feelings when you (often incorrectly) feel the love of your partner abating. This thoroughly convinces your partner that you truly no longer feel anything - your relationship lurches from crisis to crisis, and in the long term breaks down, under the constant freezing and thawing. The first stage in overcoming this process is learning to really appreciate - and forgive - yourself. There are good reasons why you do what you do, but better strategies for survival are available.

Mutuality: Please note that in this case both Bill and Hillary have an aspect between the same two planets. This shows a strong bond, and increases compatibility and stability in the relationship. Mutuality - positive/negative: Although dealing with this mutual influence will be easier for one of you to handle than the other, together you will work out lasting solutions to difficult problems and thus enhance the quality of your relationship. Venus/Pluto: This will express itself in great emotional intensity in the relationship, with strong erotic overtones. Understanding the roots of jealousy and lack of self-worth, you learn not to seek to fill your inner vacuum with another's love, but to give generously from your own resources.

The interaction between Venus in one horoscope and planets in the other, has a profound effect on how you are able to give and receive love. The following section shows to what extent your partner fulfils your need for love and what special behaviour characterises your love-life together.

Bill's Moon negative Hillary's Venus

Love and dependency

Hillary's Venus negative Bill's Moon

Love and dependency

There is a very strong emotional bond between you, greatly increasing the potential for a loving relationship in which you both feel relatively secure. You are particularly sensitive to the need for love and appreciation which Hillary expresses, but you often over-react emotionally. There is a tendency to be at emotional cross-purposes which leaves you with hurt feelings and her feeling unloved, because you distance yourself emotionally. Whilst this emotional disharmony can be the bane of your relationship, it is often based on immature needs and a tendency to be too dependant on the other which you both can grow out of.

Bill's Venus positive Hillary's Mars

Party-time

This is a fun contact and indicates very romantic feelings between you and Hillary. Any inhibitions you may have felt in previous relationships dissolve like snow in the sun and you are inspired to explore each other's hearts and - not least - bodies. She does not take long to respond to your seductive approaches and she is certainly not afraid to take the initiative herself. There is a natural enjoyment of erotic pleasure - and the fruits are not long in coming if you happen to be interested in children. You can experience teenage love and maintain it long into the relationship though this is no guarantee that things function well in other areas. Life is not necessarily as carefree as you would like it to be. You can get considerable mutual pleasure from social activities.

You know instinctively how to turn your partner on - Hillary responds instantly to your affection and naturally takes a leading role which suits you perfectly.

Bill's Venus negative Hillary's Neptune

Martyr for love

Though not a major influence this contact stimulates your dreams or fantasies for good or ill. Hillary inspires you to use your imagination and see things in a compassionate light but you may often feel disappointment in the relationship, because dreams turn out to be illusions. Be aware that your latent tendency to idealise your loved one is strongly stimulated. The relationship may require a certain element of sacrifice perhaps, because of some unhappiness, illness or existential emptiness which afflicts her. All your love and affection may not be enough to make her satisfied, so it is important for you to learn to disassociate yourself from your partner's problems and see your relationship realistically. Be patient in your assessment of Hillary before you make a commitment.

You will often find it difficult to express your emotional needs in a way Hillary can understand clearly. You may wish for a practical and realistic response from her but it will not be forthcoming and this leaves you disorientated. Hillary universalises personal issues. Insist on a personal response.

Bill's Venus positive Hillary's Pluto

Forbidden fruits

This contact emphasises deep and passionate issues in your relationship with Hillary. Scorning superficial issues you explore the hidden areas of each other's souls, pushing aside social and sexual taboos to reach the core of emotional experience. Being together means a constant emotional revision of the past, so that your relationship continually evolves and you continually learn.

There is a strong emotional bond between you and an intense and intimate emotional atmosphere. Both of you express strong needs but the response you get from Bill is not always the response you want. He tends to react to expressions of love from your side in a mothering or possessive sort of way - whilst you would prefer something more romantic. Being with him activates so many childhood associations that there can be an element of immaturity in the relationship. It can degenerate into a simple need-fulfilment situation if you do not take steps to avoid over-dependency. Nevertheless, this is a strong contact for family matters which can produce a warm emotional relationship.

Hillary's Mars positive Bill's Venus

Party-time

You feel a very strong sexual attraction to Bill and this in itself is enough to inspire you to ignore any moral reservations you may have concerning indulging in sensory pleasures together. Fun, music and dance are introductory elements to the art of seduction and together you know how to make use of these skills to the fullest. You can also expect an active social life in which you can enjoy some popularity as a couple. Not only is your relationship playful - you can also be extremely creative together. Children spring forth from your union. This influence shows an uncomplicated enjoyment of the meeting of the sexes, and considerably enhances happiness in the relationship.

The attractiveness of Bill galvanises you into action - you prove yourself to him through valiant deeds and win his love.

Hillary's Neptune negative Bill's Venus

Martyr for love

Though not the most powerful influence in your relationship this contact can exacerbate the latent tendency which Bill in particular might have to over-idealise the love you feel for each other. There can be a tendency for you both to put each other on a pedestal and blindly worship imagined and projected qualities. In the long term this may lead to bitter disappointment, and it is healthier to tone down overheated romantic feelings. Other facets of this influence are the habit of idealising suffering in the relationship or sacrificing oneself for the partner in one way or another. If people were divine then this might work, but they are only human, and normal laws of common sense must apply.

Expressions of love or attachment on Bill's part often leave you with an intangible feeling of sadness. A chord of longing is struck which harps back to a past loss. Stay with the present and try not to indulge in negative feelings.

Hillary's Pluto positive Bill's Venus

Forbidden fruits

This contact activates your partner's latent capacity to express loving feelings on a deep level. Not content with a superficial relationship, you draw from each other an uncompromising intensity which necessitates a constant reinvention and rediscovery of the feelings you have for each other, even if this means provoking a crisis. Your erotic life is a testing ground for

This can be an exhausting experience for you, as you will find her quite uncompromising. Changes are demanded from you and you can no longer rely on superficial charms or childhood tricks. Your relationship involves a constant ongoing therapy but this probably accords with your tastes anyway. There is a strong erotic bond and some degree of jealous control on Hillary's part. Paradoxically this makes you feel more valued.

Your erotic charm is a source of fascination for Hillary. She would like to control and rule you ... perhaps that could be fun.

Bill's Pluto negative Hillary's Venus

Slave to love

This influence intensifies any latent tendencies Hillary has to feel anxiety and desperation over her love-life. A deep-seated insecurity in yourself about sexuality, control and loss, often subconsciously drives you to assert your power over her. This means that the relationship is characterised by dependence and control and feelings of jealousy predominate, either secretly or openly. As sexuality is the battlefield on which these emotions are played out, your intimate relations will be passionate and intense. Taboos will be broken. It is as if you both need to go beyond accepted limits in order to really get in contact with your emotions, and there may be considerable power-play in your sex life. Lack of trust may plague your social relations, and a tendency to make the relationship a life-or-death issue means you may lurch from crisis to crisis. This will also create economic insecurity. You must divert the urge you feel to transform and control Hillary into a softer and more accepting style.

At times of crisis you tend to misuse your power in the relationship through totally withdrawing loving feelings and creating an icy atmosphere. In the long term this leads to the death of love.

your love, and you strive to remove all emotional barriers in pursuit of a union of the soul. Consequently you grow to know each other intimately. In your daily life you also seek committed social relationships and avoid superficial contacts. You may have a talent for discovering beauty in surprising places because of your capacity for transforming dross into gold. In the same way, you seek to transform Bill by getting him to eliminate old behaviour patterns and cultivate new ones.

Bill is forced to shed any pretence or superficiality in your presence - you want to see the bad with the good, and the beast with the beauty.

Hillary's Venus negative Bill's Pluto

Slave to love

This contact tends to bring out latent impulses in yourself to invite crisis into a relationship through deep fears of not being valued. You may feel the need to indulge in manipulative behaviour - especially through the power or either sexuality or money - and create a flawed bond to your partner designed to maintain your security. You may sometimes find that Bill's response to your affections is cold, and you may fear that there is suddenly no love between you. Actually you awaken his own anxiety and jealousies. And he tends to respond by exerting his power to maintain control over the situation. Deep psychological issues are at work here. Do not allow yourself to be bought or sold, or humiliated by love or sex. Do not let your worth be defined by your partner. One of the functions of this relationship is to force you to reassess what is truly worthwhile in your life.

You seek to heal psychic wounds in your partner through love. This helps up to a point, but don't exhaust yourself.

Double-mutuality: Please note that both of you have exactly the same mutual aspect between the planets making cross-contacts from one horoscope to the other. This is a MAJOR factor of compatibility. Whatever other contacts there are between your horoscopes, for better or worse, this double influence shows a strong bond and increases the harmony and stability in the relationship. Double-mutuality - positive/negative: Although dealing with this mutual influence is easier for one of you to handle than the other, together you will work out lasting solutions to difficult problems and therefore enhance the quality of your relationship. Venus/Pluto: This will express itself in great emotional intensity in the relationship, with strong erotic overtones. Understanding the roots of jealousy and lack of self-worth, you learn not to seek to fill your inner vacuum with another's love, but to give generously from your own resources.

 **DESIREs:** Sexuality is an essential ingredient for long-term satisfaction in a relationship, and this is shown by Mars in the horoscope. For a man this planet will also symbolise his masculine identity, whilst for a woman the sign Mars is in, and its aspects, will often show the kind of man she is attracted to. Mars will also show how you work together, and your ability to fight for what you need. Where Mars is, there is trouble, because issues of survival and self-assertion are paramount. In our civilised society both sexes tend to repress Mars - though women will do this more than men - and this may often mean that one's own aggression or oppression comes to expression in the partner's behaviour.

the attentions of the opposite sex. Your good manners and social graces can hardly fail to win over the heart of your chosen one, but there is sometimes the feeling that there is a lack of emotional commitment. You have to be very careful not to be led astray by affairs of the heart - there may be a lack of staying power in your relationships. You excel at making contacts, and in matters which affect your sense of fairness you may get quite passionate.

Mars in 1st House

Looking for trouble

You're an extremely forceful person who has a strong impact upon others. In this area you are able to use your excellent judgement to impose your own sense of balance and conceptions of taste upon the matters in question. Generally you invoke a certain defensiveness when you come into contact with people, tending to trample roughshod over any resistance you encounter. Being a fighter and a very spirited person indeed, you need a partner who appreciates your honesty, directness and courage. But if you want a little more harmony in your life - and it is not certain that you do - you should develop a little more sensitivity. You project a strong sexual aura which may be either fun for you or get you into trouble.

Bill's Mars in Hillary's 4th House

You are an extremely active force in Hillary's domestic life and generally tend to dominate family decisions with your forcefulness and dynamism. If this energy is channelled constructively your home will benefit from your capacity for home improvement and organisation. However, if your temperament is not under control family harmony is bedevilled by emotional conflict.

talents and an aura of authority. You have a very strong romantic nature and could well master the advanced skills of seduction. You are willing to splash out to make a good impression. Actually your ego is rather vulnerable because you have such a lot to live up to. Nevertheless you can be very creative and fun to be with. You've got style and a winning nature.

You are attracted to a man who is a little larger than life and who is masterful in his relationship to you. You need to respect your loved-one but you have a tendency in the long run to engineer situations in which he loses face.

Mars in 3rd House

Heated discussion

You express your energy and enthusiasm in mental projects, reaching out to improve your mind, and make contacts with people. This is an area in which you may assert yourself with some success especially as far as creative ventures are concerned. You really enjoy a good discussion, expressing yourself forcefully and sometimes rather impulsively. Although you are consumed with improving your mind you do not always take the time to think things through. At any rate, you tend to be somewhat argumentative and your need to assert your opinions may force people onto the defensive. Mental stimulation is an essential preliminary for your sexual interest.

Hillary's Mars in Bill's 11th House

You inspire Bill to be more outgoing in his social relations and you tend to take the initiative when involved with influential groups. However, you often stick out amongst his friends and acquaintances, perhaps because of your provocative opinions and behaviour.

Your ability to express your will and desires is considerably modified by the influence of other planets in your horoscope upon your Mars. These aspects show how you might best express yourself sexually and the kind of problems that may arise when you do. For women, aspects to Mars will often describe the behaviour of the man in the relationship. If this appears to be so, then projection is at work. By learning to be more clear-thinking, and asserting your genuine needs, these negative projections may be eliminated or at least modified.

Struggling against adversity

There is no point in pretending sexual relations function smoothly - they are something of a trial. As you were probably disciplined or chastised too hard as a child, you have developed a negative attitude to your body. Sex may be seen as a necessary duty. Though control of your sexual drives is an important factor in your life, sex may be improved if you spend more time looking after your body and learning to love it, instead of seeing it as an object upon which you must impose your will.

Going for the dream

You are a very idealistic person with many dreams and visions concerning how things should be in the world - though there is no guarantee that you have the will to put your visions into

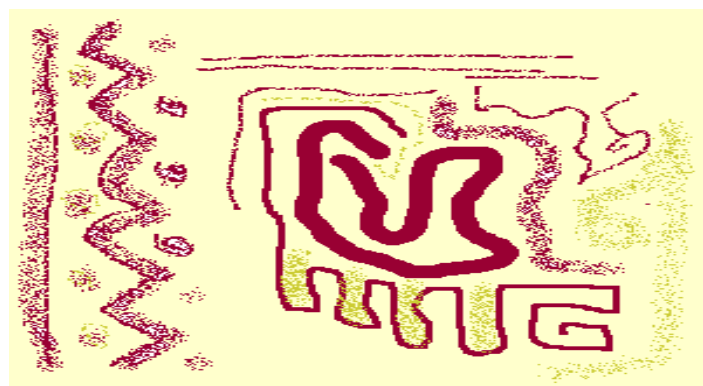

this confusion about direction may bring about a lack of commitment and the threat of dissolution. You do not know how to discipline your desires and may have the oddest convictions as to what is acceptable sexually. Infidelity and dissipated behaviour are a constant threat to your love-life - and indeed to your moral well-being.

You constantly strive to attain the chimera of the perfect sexual experience. You try everything, but the more you try the more elusive satisfaction becomes. Pornography holds considerable allure. Your partner will often feel that she is a disappointment to you. Sexually, the kind of release you are looking for will never be attained, - but it can be sublimated through spiritual or creative activity.

practice. In relationships you are helpful and well-motivated, though this energy is often channelled into creative or social projects. You imagine the best in others but are often cruelly disappointed in their behaviour. However, seen objectively, your own actions are often far below your professed ideals.

You are attracted to a creative and visionary man such as an artist, a musician - a man who can sell you a dream. Needless to say, when you wake up you often feel deceived. You put men on pedestals and they feel forced to conceal their weaknesses, for fear of disappointing you. Routine sex turns you off; you have to be wooed and hate to think that animal desires might predominate over those of the soul.

Mutuality: Please note that in this case both Bill and Hillary have an aspect between the same two planets. This shows a strong bond, and increases compatibility and stability in the relationship. Mutuality - positive/negative: Although dealing with this mutual influence will be easier for one of you to handle than the other, together you will work out lasting solutions to difficult problems and thus enhance the quality of your relationship. Mars/Neptune: In this respect the important challenges for you both are in channelling your energies solely into areas which truly inspire you and to maintain a morally pure existence. This involves dispersing the emotional mists in your mind which cause you to project your own weaknesses onto your partner.

Mars negative Pluto

Bending to your will

In relationships you use your incredible willpower to engineer situations in which you feel secure. And, as you are plagued by jealousy and anxiety about losing power and feeling helpless, your romantic harmony is poisoned by your compulsive need to control every aspect of your partner's life. In your efforts not to be weak you are overwhelmingly dominating, though occasions inevitably arise when you feel humiliated. Your biggest enemy is your desire-nature, which is so compulsive that something has to give. Deep transformations will occur which bring you the psychological awareness necessary to be truly the master of your fate.

The interaction between Mars in one horoscope and the planets in the other, has a profound effect on how you are able to express your will and fulfil your desires. These contacts will also show what form of sexual expression characterises the relationship. Also you may expect both conflict and excitement in the areas specified in this next section.

In-fighting

This contact brings a lot of emotional conflict and this is related to your lack of ability to tune in to and respect the moods of your partner. Perhaps you feel threatened or provoked by her weakness or vulnerability, perhaps you wish to signal that you dislike anyone being dependant on you. Whatever the case, when Hillary gets moody you become impatient and irritated. It is essential for you to control your temper if you want a long-term harmonious relationship. It is no use proposing solutions in connection with the emotional life of your partner, if you do not truly understand what moves her. If you do not have the patience to understand her feelings - and it is no use forcing yourself - it is better to go off on your own for a while and burn off some of your

In-fighting

Though there can be a strong emotional bond between you, this is often marred by outbreaks of bad temper or emotional provocation. You often feel an irrational irritation when Bill asserts himself or acts over-independently as this upsets your sense of security in the relationship. At the same time he feels impatience with any signs you show of immaturity or emotional indulgence. Your habits often run counter to what he wants to do and there is no inclination for him to compromise. Only a growing maturity and self-control can resolve this domestic disharmony. Barbed remarks

Though this contact represents an important connection between you and can generate lots of activity and plenty of enthusiasm for getting things done, there is no doubt that it is a contributive factor to stress in the relationship. Basically there is a tendency to be argumentative - sharp words are exchanged. Great efforts must be made to avoid nagging and negative criticism. You tend to be critical of Hillary's activities and this can be an irritating factor when she is trying to get something done. At the same time she gets annoyed by some quite sensible suggestions which you come up with, feeling that you are encroaching upon her right to do what she wishes. More maturity, patience and self-control is the solution.

Bill's Mars negative Hillary's Neptune

Quagmire Working on visions

It is not easy for you two to work constructively together. Misunderstandings abound because you tend to go into action with an unclear idea of what is required, and because Hillary is very vague about what she actually wants. Your energy is diverted unproductively, and often into morally questionable areas. Strive to maintain high standards - together you tend to cut corners in ethical matters. It is no use looking to her for leadership or direction. Choose your own course. You get bogged down in discussions. Do not be deceived - she gets confused when confronted by your dynamism, and reacts by clogging up the works or by suggesting goals which are completely over-idealistic or unrealistic. Sexual harmony is also elusive as Hillary often finds your desires too earthy and longs for a "spiritual" union. This too is illusory; development of greater body-consciousness would help you both. Health matters may be in the forefront. Be aware that alcohol and other addictions have a negative effect on this relationship.

Your initiatives only serve to confuse Hillary. Act first and deal with the consequences later.

Bill's Pluto negative Hillary's Mars

Hypnotic power

This contact awakens powerful forces, which may or may not be latent in Hillary, leading to periods of self-destruction and extreme psychological states. Being with her is a fascinating and hypnotic experience, but it is also exhausting because of battles of will which in the last analysis may threaten the whole relationship. There is a strong sexual attraction and repulsion based on who has control over whom, and this may lead to extreme sexual behaviour which consists of breaking endurance records. The emphasis on sex may lead to obsessive feelings of jealousy. When confronted with your partner's energy and will to independence, a strong and perhaps subconscious anxiety is awakened deep inside you and you seek to counteract this through asserting control. Ultimate control resides in your ability to destroy the relationship you both hold dear. If you do find yourself issuing ultimatums in an effort to get Hillary to change her behaviour then you know you are on the wrong track. Much psychological work needs to be done - but not on each other; you need an intermediary.

You find that Bill does not have the patience to understand your emotional drives and fears, so these feelings are better resolved alone than shared.

Hillary's Mars negative Bill's Mercury

Barbed remarks

You can find yourself getting embroiled in many arguments and discussions with Bill if you are not careful. You have many differences of opinion and this can simply be because you charge off on your own without prior consultation. Often you do not have the patience to listen to him, or when you do, you do not give him the time and the space to explain himself properly. Bill feels threatened even during trivial discussions, sensing that you are difficult to sway and that you are determined to have your own way. This leads to far too much carping and sniping. By being active and creative together, you can channel some of this aggression. In general it is better to avoid too much discussion. Study communication techniques.

Hillary's Neptune negative Bill's Mars

Quagmire

Though not the most significant influence in the relationship this contact may awaken a tendency - which may be latent in Bill - to allow his imagination to go over and beyond conventional limits. Without constraints on what is permissible there is a great risk of depletion of energy for you both. Over-indulgence - especially in terms of substance abuse, questionable sexual activities or the unrestrained pursuit of desires - will have long-term consequences. This can for example be the undermining of the will to achieve or simply a dissolution of any sense of direction. On the other hand, through the application of the will to achieve idealistic, social or creative visions, you may both have considerable success. Sexually there may be discontent based on a dislike of routine, habitual sex and a longing for the romance of seduction. You may feel an antipathy to the primitive aspects of intercourse and long to transcend your physical desires. Learn then, about the spiritual aspects of eroticism.

Initiatives and actions on Bill's part get bogged-down because of your lack of enthusiasm or clarity, so that he feels undermined. A little encouragement would go a long way.

Hillary's Mars negative Bill's Pluto

Hypnotic power

Though perhaps not a major factor in your relationship, being with Bill evokes a latent tendency to get involved in power games. You are provoked by what you see as your partner's uncompromising nature and often find yourself engaging in a battle of will with him. This is fruitless and exhausting. He will always win the ultimate battle as he is quite willing to self-destruct - threatening the whole relationship - if he does not get his way. Things need not get out of hand in this matter if you simply just back off. Actually you awaken a deep subconscious anxiety in Bill when you get aggressive, and this leads to sabotage from his side. Sexually this can be a very passionate contact. However, issues of power impinge upon your erotic behaviour. Seeking release, you provoke each other to extremes and no sooner is one taboo brushed aside, than new limits are sought, in a spiral of desire, which often ends up with one of you feeling worthless and humiliated. It is to your advantage to investigate the spiritual side of sexuality.

You exert too much power over Hillary, but do not know it because you are struggling too hard with inner feelings.

You are often paralysed by the extreme attitudes which you feel Bill adopts. If you receive an ultimatum it may be worth your while to call his bluff. But don't count on it.

OTHER ISSUES

CONTACTS AND COMMUNICATION: However strong the bonds of love, in the long term a healthy relationship also depends on the ability to listen to and understand each other. Many relationships founder on poor communication, once the fires of romance and sexuality abate. The ability to communicate is shown by Mercury in your horoscope, and the following section shows the strengths and weaknesses you have in this area, their effect on your partner, and steps you can take to improve on the contact between you.

Mercury in Leo

Self-expression

You set great store in your mental capabilities and you expect to be appreciated for your ideas and creativity. You will go a long way towards covering-up any flaws in your capabilities, because you hate to appear stupid - you are not averse to bluffing. Warm, playful and humorous, you are fun to be with but when it comes to making an intellectual impression you take yourself too seriously.

Mercury in 10th House

Your ideas and skills find favourable expression in your career, which should have something to do with communication and commerce. Most of your thoughts centre on business ideas.

Bill's Mercury in Hillary's 2nd House

You are absorbed by the way your partner looks after her financial affairs and offer many creative ideas and perceptions which she can use. Financial security is a major area of discussion for you and your ideas and solutions help you both negotiate the labyrinth of the material world.

Mercury in Scorpio

Depth analysis

You are a quiet and rather secretive person - you keep your ideas to yourself but very few things escape your attention. You have a natural psychological ability which helps you empathise with and understand others. Communication problems arise because you tend to use silence to express disapproval. Your partner does not know what you are thinking - perhaps it would pay you to make the effort to express your thoughts.

Mercury in 6th House

Your ideas and communicative skills find expression within your working environment. You are a great organiser and communicator and your versatility finds expression in several job areas during the course of your life.

Hillary's Mercury in Bill's 2nd House

You are absorbed by the way your partner looks after his financial affairs and offer many creative ideas and perceptions which he can use. Financial security is a major area of discussion for you and your ideas and solutions help you both negotiate the labyrinth of the material world.

With Mercury in Leo, Bill has a natural charm and communicative ability, and likes to be at the centre of any conversation. Hillary, with Mercury in Scorpio is the silent type, who sees all but says little. Seeing through the facade and showy intellectual style which characterises Bill, she may fail to appreciate his creative talents and communicative charm. Bill is crushed to see his grand ideas analysed to death or silently disapproved of. There is a conflict of will here.

Aspects between the other planets in your horoscope and your Mercury will show talents or challenges with regard to your ability to express your ideas and be open to other people. These aspects describe the specific ideas you have and the kind of reactions you evoke in others through the way you communicate these ideas.

Mercury positive Saturn

A considered thinker

You can be shy and taciturn, and are rather defensive in intellectually challenging situations. Nevertheless, with time you attain a mature intelligence which ensures that you pay attention to what your partner says, and take good time yourself to get your message across. You may be a plodder but you get things done.

Mercury negative Saturn

Mental defensiveness

You are over-sensitive about being thought to be unintelligent and this makes you defensive, brooding and often rather pedantic. This often rebounds upon your partner, who may become unsure and unclear when communicating, sensing that there is a wall between you. If your mind is closed, strive to open it. Make it easier for your partner to get through to you.

Mutuality: Please note that in this case both Bill and Hillary have an aspect between the same two planets. This shows a strong bond, and increases compatibility and stability in the relationship. Mutuality - positive/negative: Although dealing with this mutual influence will be easier for one of you to handle than the other, together you will work out lasting solutions to difficult problems and thus enhance the quality of your relationship. Mercury/Saturn: This will express itself in the struggle you have to communicate smoothly and without defensiveness, as well as in your ability to tackle practical and business issues together.

Mercury positive Neptune

An intuitive listener

You are extremely sensitive to atmosphere and the mental state of others and communicate well through feeling rather than through words. Misunderstandings arise because of a lack of directness and because you pre-empt what your partner is going to say - you think you already know what it is. It is good to verbalise more and double-check that you have it right, and are not just hearing what you want to hear.

Mercury positive Pluto

Mental detective

Secrets and hidden matters fascinate you, and you possess a deep psychological perception. You can quickly attune to your partner's psychological state and give very perceptive advice. As a listener you have a wonderful healing power. You believe in the importance of secrets, but you must take care that these do not come between you and your partner.

The interaction between Mercury in the one horoscope and the planets in the other, has a profound effect on your ability to communicate with and understand each other. The following section shows the ease or difficulty your partner has in communicating with and understanding you, and the kind of situations that may arise as a result.

Bill's Mercury positive Hillary's Neptune

Non-verbal communication

Being with Hillary brings out your latent imaginative faculties, evoking your creative, spiritual or musical talents. Though not a major compatibility factor, this is an excellent contact for inspiration, characterised more by a non-verbal communication - a kind of mental communion. Misunderstandings still arise and you have a tendency to imagine she understands your ideas when this is not necessarily the case. She may not wish to upset the mental harmony between you by disagreeing and may therefore say things she does not mean. On the other hand Hillary evokes in you a deeper understanding of the mysteries of life and nature.

Bill's Mercury negative Hillary's Pluto

Interrogation

Although this may not be a major influence in your relationship, this contact does tend to complicate communication. Nothing can be said lightly, every remark can be made the object of in-depth analysis. Exhausting discussions tend to drag on about seemingly meaningless issues. Actually the issues are intelligence and power. Your natural communicativeness evokes irrational anxiety in Hillary who subconsciously responds in an obstructive or suspicious manner. This only serves to make you keep your mouth shut and as a result, long periods of silence

Non-verbal communication

Though not the most important influence in your relationship this contact may nevertheless have a very inspiring mental effect. You have a wonderful capacity to listen to Bill and let his ideas wash over you. You can also respond in such a way that you strongly stimulate your partner's imagination, so a very creative partnership may be the result - particularly if you are interested in communication on a more subtle level - for example through music or some other medium. You build castles in the air even though there is no guarantee that anything will come of them. Strive to remain in touch with reality otherwise you may be disappointed.

Interrogation

This influence has a powerful effect on a mental level as you tend to exacerbate a latent tendency Bill has to wrestle with his thoughts to the point of exhaustion. Irrational worries and suspicions may plague the relationship and result in lengthy interrogations about your motivations and secrets at one extreme, and punishing silences at the other. Even though it may be difficult for you, you should try to allay your partner's suspicions through the antidote of openness and avoid getting drawn in to futile discussions which only serve to exhaust you

Whatever other contacts there are between your horoscopes, for better or worse, this double influence shows a strong bond and increases the harmony and stability in the relationship. Though this influence does not really affect your intimate life, it certainly brings enormous excitement and personal growth. Your partnership knows no boundaries and the whole earth may be your playground. Whether you travel, or stay at home, you stimulate each other in a consciousness-raising process. Your desire for growth and understanding is kick-started by Hillary, who is always full of surprises and unusual angles on life. When you express an opinion, she goes off into a spin and comes back with ideas which you had never thought of. Intellectually this is an electrifying experience for you.

With Hillary, innocent dreams about the future can be realised with dazzling speed.

Though this contact does not affect your personal and emotional life so much, it is very favourable for personal growth, particularly in terms of new beliefs and sudden insights. Your unusual angle on life provokes Bill to take another look at his convictions and intellectual concepts and see them in a new light. You strongly stimulate the pioneer spirit in him, and this should bring many travels to exotic lands and new inputs from exciting cultures. You evoke philosophical growth in Bill, particularly concerning New Age concepts and the introduction of modern ideas. This brings out the spirit of reform and renewal in you both.

By using you as an intellectual springboard Bill launches himself into new areas of philosophical development.

 CHALLENGES AND POWER GAMES: The planet Saturn shows where you experience and overcome the major challenges of life. Transposed onto your partner's horoscope, it shows in which area of your partner's daily life you make the greatest demands on your partner's patience and sense of responsibility, and what kind of challenges arise as a result. There is no escaping the difficulties encountered here, but this influence is nevertheless a major growth factor in the relationship.

Bill's Saturn in Hillary's 2nd House

There are many areas in Hillary's life in which you feel there is room for improvement but your negative attitude tends to undermine her sense of self-worth - at least in the early stages of the relationship. You may quite rightly feel that better organisation of material resources would help Hillary considerably. Where she is extravagant you see the need to economise, where she is careless with belongings you strive to teach her an appreciation of value. You may find yourself more or less willingly becoming her financial manager.

Hillary's Saturn in Bill's 11th House

In your relationship with Bill you are often concerned about the extent of his social commitments and the kind of friends which he has. You may well feel rather uncomfortable yourself, together with his acquaintances, perhaps with good reason. You use your influence to limit the time he spends with others - or to organise that time more efficiently - and though he may feel that you are more a liability than an asset in social terms, there is much he can learn through being with you about finding the balance between true social commitment, and less important social engagements.
